

# PHILANDER'S

Philander's wine list features wines that are hand selected, for their unique and distinctive characteristics, to complement the cuisine of Philander's. Many of the vintners represented here only produce a few thousand cases of wine a year. Although not well known, they exemplify the style and uniqueness of some of the best vineyards. From time to time, due to the limited availability of most of the wines on this list, some selections will inevitably become unavailable. Please be assured that every effort will be made to suggest a similar if not more enchanting replacement.
